Military Shovel

How to install ?

FiveM :

Drag and drop the "military_shovel" folder somewhere in your folder hierarchy on your server and now go to the server.cfg and add a new line called "ensure military_shovel".

Ingame you can spawn your weapon with the name "weapon_hatchet"

I recommend to use a command to give you the weapon or vMenu

SP :

Place the knife files in

update\x64\dlcpacks\patchday8ng\dlc.rpf\x64\models\cdimages\weapons.rpf
